

Erasmus+

Design Gaming

Training Course

Łódź/Spała, Poland

11-19.08.2022

What will you learn at the training?

The main aim of the project is to improve competencies in the area of creativity and innovation of methods and tools of professionals working with young people.

You will receive knowledge and tools that can enrich the offer of your organization by creating an educational offer tailored to the needs and capabilities of their target groups.

During the training we will learn the methodology of creating games (an urban game, card game) and also using traditional national games for local community.

1. practical workshop on how to make a card game
2. practical workshop on how to create a city game
3. tournament of traditional backyard games (Kubbe from Sweden, Petanque and others)
4. creation of an event for the local community in Lodz based on the games created as a result of the training
- 5 To learn about the process that supports creativity

In addition, during the training:

1. getting to know each other and integrating during the Canoe trip
2. getting to know Spala and Lodz during city games and excursions
3. getting to know the international volunteers working at our Foundation

Competences you can develop during the training:

1. how to create and use different types of games in education?
2. develop your creativity
3. manage and organise events, including promotion
4. working together in an international team

Moreover, the meeting will take place in a big city (Łódź) and in a quiet nature (Spała) - so you will be able to enjoy tourist attractions and relax!

The training is delivered by trainers and educators experienced in the subject - we have been implementing game development activities for 8 years, having delivered training for over 40 organisations and events for several hundred people. We work actively and creatively!

Our training is for you if:

- Want to learn about different types of games from all over Europe
- You wish to develop the competences described above
- You are willing to actively participate in the entire training in terms of content
- You are 18 +
- You fulfil the general conditions for participation in Erasmus + Youth sector training courses
- You are from Spain, Italy, Portugal, Greece, Serbia, Slovakia, The Republic of North Macedonia, Poland

About us

Foundation Institute for Creative Activity, was created in 2008, on the idea of promoting the development of society, through out education and culture. Since it was founded, Institute initiated and realized a dozens of projects, in collaboration with local authorities or based on international collaboration (also Erasmus+): creative art workshops, a series of workshops promoting culture and reading, theatre and circus techniques workshops, historical workshops and out door activities. All this project were based on creative thinking process, on activities using the non-formal methodology, experiential learning, interactive tools or theatre plays. The Institute has been coordinating ESC projects in local cultural institutions for 7years. The quality of our actions is of key importance to us. We guarantee high quality training combined with time to relax and explore the city

About place - Łódź and Spała :

Łódź is right in the centre of Poland in the Lodzkie district. Lodz means boat, but this Polish city couldn't be further away from water. Piotrkowska Street in Lodz, at 5km long is the longest street in Poland. The city, a former Polish capital, has a population of 715'000 and is the third largest city in Poland.

Spała - a beautiful natural place an hour from Lodz, where we will go in the middle of the training

The Costs

The costs of the training (accommodation, meals, materials and travel up to the indicated limit) are covered by Erasmus + funds.

We're looking forward to your application!

If you are interested in the topic - let's meet in Lodz! Fill in the application form
